To enter a single harvest data record online:

- 1. Login to TWIMS.
- 2. Click the "Harvest Data" menu link at the top of the page.

3. Click the "Harvest Log" link next to your site name for the current season to enter your age, weight, and antler data. NOTE: If your TPWD biologist did not make a harvest recommendation for your site, you may still use TWIMS to track your harvest data. You will need to contact your biologist to proceed.

- 8. Repeat steps 4-7 for any additional harvest entry.
- 9. If you see any errors in your data entry or would like to view a single entry, click the Id link on the Harvest Records table corresponding to your entry of interest. You may also go directly to the Boone & Crockett measurements by scrolling to the right and clicking the B&C link (or the actual B&C score if it was calculated).
- 10. Click the "Save and Finish Later" button to finalize your harvest data entry at a later date.
- 11. If you are finished entering your harvest for the season, click the "Log Complete for Season/Go to Summary" button.
